RESPONSE TO DECISION

Sir:

In response to the Decision Refusing Status mailed
September 30, 2005, kindly consider the following:

The Decision alleges that:

- 1) proof that the nonsigning inventor cannot be reached
has not been provided, and also that
- 2) a declaration has not been provided.

Since the Decision was mailed, one of the two inventors,
Max Welling, has in fact been located, and has signed the
declaration. Mr. Welling's signed papers are attached.

The only information that the undersigned law firm ever had
for the other inventor, Marcus Weber, was an e-mail address.
Attached as exhibit 1 please find the e-mails that were sent to
the last known e-mail address. These e-mails included a copy of
the application as filed, the declaration and assignment.

CERTIFICATE OF TRANSMISSION BY FACSIMILE

I heroby certify that this correspondence is
being transmitted by facsimile to the Patent and
Trademark Office on the date indicated below.

Attorney's Docket No.: 06618/776001/CIT3395

Copies of the attachments to the e-mail are also attached as exhibits 2, 3 and 4. Also, exhibit 5 is an e-mail from the now signing inventor, stating that he too does not know the whereabouts of Marcus Weber, and indicating the same e-mail address we already had.

Accordingly, inventor Markus Weber either refuses to sign or cannot be located.

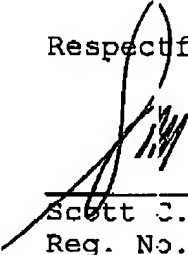

This should obviate the remaining claims in the petition.

An indication that the petition has been granted is therefore respectfully requested.

Please apply the 2 month extension of time fee in the amount of \$225, and any other applicable charges or credits, to Deposit Account No. 06-1050.

Respectfully submitted,
